

School Advisory Board

Dear Parents,

The School Advisory Board (SAB) is looking forward to the upcoming school year and the continued success of the Academy of Our Lady. We welcome our new principal Mrs. La Salle and are looking forward to supporting her and the school community. At the end of the 2018 - 19 school year, new additions to the SAB were confirmed and this past week a new executive board was elected. All Board Members are listed below.

We would like to thank the previous board members for their time and expertise, many who have been serving on the board for over 5 years: Robert Budelman, Tara Harris, Tara Hart, Brian Moore, Neil O'Halloran and Patrick Springer. Their commitment and professionalism have greatly helped guide the school through various transitions over the past few years.

The role and functioning of the SAB is important for each Academy family to understand. The SAB provides guidance and advice to the school administration and parish pastors on the operations and needs of Academy of Our Lady. We support the administration as they strive to enhance and sustain enrollment and ensure continued academic excellence. We focus our attention on making AoOL an even better school for our children by introducing technology enhancements, new marketing initiatives, financial operations and facilities improvements. The SAB functions in 4 main areas, each chaired by a board member: (i) Strategic Planning; (ii) Facilities; (iii) Finance; and (iv) Marketing & Development

We encourage all families to read the "Lighting the Way" plan under which our school and SAB operate. [Click here for more information on Lighting the Way.](#)

The SAB meets once a month. The school calendar will be updated shortly with the 2019 – 20 schedule. Each meeting is open to the school community to listen to updates from the committee chairs and the principal's report.

Finally, there is always a need for additional expertise to support the work of SAB committees and our wonderful faculty and staff. Any community member can be part of one of the committees, i.e., you do not need to be on the Board to participate. Perhaps you have a gift in one of the areas listed above? If you do and could offer help, we would love to hear from you. Email us at sab@academyofourlady.org and share with us what your expertise is and a member of the Board will be in touch!

Thank you

School Advisory Board

2019-2020 School Advisory Board Members

Board Members:
