Dear Athlos Eighth Grade Parents/Guardians,

An important part of the high school experience is participating in career interest exploration and planning activities that support students in identifying personally relevant career interests. As your student prepares for 8th grade graduation and the excitement of looking toward high school, we would like to inform you about a free resource through ACT that your family may find useful.

ACT Profile is a free college and career planning platform that supports students in preparing for career decisions. Students can create individual online accounts to access college and career planning self-assessments. The inventories identify a student's unique interests, values, and skills which are then used to pinpoint college majors, degrees, and careers that would likely be of interest to the student.

Other resources include:

- College major search
- School search
- Test prep for ACT assessments
- A tool to compare college prices among schools
- Career searches
- Military career searches

Information on ACT Profile can be found at:

<http://www.act.org/content/act/en/products-and-services/act-profile.html>

Accounts can be created through the link below.

<http://www.actprofile.org/login>

A parent's email address or student's email address can be used to open an account on the ACT Profile site. We strongly suggest that parents review and test drive the site prior to letting your student get started. It is important for parents to review the features and security settings first to be sure that the settings align with your family's expectations.

Congratulations to our eighth graders as they wrap up their year at Athlos Leadership Academy. We are proud of their hard work and we wish them the best in high school and beyond.

Warmly,

Jennifer Geraghty, Principal
