

Dear Parents and Guardians,

The first months of our school year have been a time of progress, achievement, and pride in the work our students produce. With the Holidays upon us, and 2018 around the corner, we have an opportunity to reflect and appreciate everything you have done to support our children, our faculty members, our leadership team and the Board of Trustees. Your commitment to this learning community is paramount to the success of all students at MVP and we greatly appreciate and value each and every one of you. Our administration and faculty members would like to extend our warmest thoughts and best wishes for a wonderful holiday season and a very happy, healthy and safe 2018!!

It is my hope that you spend quality time with your family, rejuvenate, re-energize, and rest. Many wishes for a safe and joyful holiday!!

If you can, may I ask that you take a moment to reflect and remember those who are serving our Country and cannot be with their respective families these Holidays, and those who may be alone during this time. Collectively and mentally, we can send our thoughts to them to wish them the best.

Sincerely,

Nancy Velez
Principal

PS. We will be ready to pick up again with our formal, regular school program on Tuesday, January 2nd, 2018!
