March 13, 2020

Dear CLPS Community,

As you know, Governor Whitmer has decided that every school in Michigan will close for three weeks. We are following her mandate, but we are also doing the following to serve our students:

- We will deliver boxed breakfasts and lunches to each bus stop as well as a few other areas so that all walkers also have access to food.
- Custodians will be doing full, deep cleanings at every building beginning Monday and each week during the closure.
- High school staff will call all students/parents to discuss their progress since their conferences have been cancelled.
- We will be meeting with all administrators, directors, literacy coaches, and English language-learner teachers to create plans to support all students during this shut down.
- I will ask administrators to be an active part of providing support for students including certified central office staff.

We will continue to send out updates during the shutdown through our school messaging system and social media, and on our website clps.org (click on the CORONAVIRUS UPDATES button on our homepage).

This is a difficult time for many families because they have no daycare available for their children. We will do our absolute best to provide meaningful instruction to ALL students as we ride out this shutdown.

Thank you for your patience and understanding as we all work together in this unprecedented situation and do our parts to protect our most at-risk populations. Be safe!

Sincerely,

Eve Kaltz
Superintendent
