STEP ONE—Get the right courses and sign up. Be specific on what semester you need to take. It is not advisable to take more than two courses at a time. The time frame to complete the courses will be 6-8 weeks, depending on the difficulty level. All courses are self-paced and may be completed as early as possible. Extensions will not be available unless it is a documented emergency.

STEP TWO—Fill out the registration form. Make sure to provide a working email address. Login information will be emailed to you.

STEP THREE—Pay for classes. All Credit Recovery classes will be \$100.00 each. All classes must be paid for before the names and passwords are assigned. The Delta Academy will be happy to work with all organizations that provide scholarships or assistance.
