EDUCATION**

Placement and Services

Procedures specified in law shall govern the selection of appropriate nonpublic school or agency services.

Master Contract Agreements with a nonpublic school or agency shall be made (on forms provided by the Bay Area SELPA Collaborative) and shall include an individual services agreement negotiated for each student. Individual services agreements shall be for the length of time for which nonpublic, nonsectarian school services are specified in the student's individualized education program (IEP), not to exceed one year. Changes in educational instruction, services or placement shall be made only on the basis of revisions to the student's IEP. (Education Code 56366)

The master contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district to provide the special education and designated instruction and services, as well as transportation specified in the student's IEP as appropriate. The administrative provisions of the contract shall also include procedures for recordkeeping and documentation. (Education Code 56366)

The district IEP team shall annually review the IEP of a student placed in a nonpublic, nonsectarian school or agency.

When a special education student meets the district requirements for completion of prescribed course of study and adopted differential proficiency standards as designated in the student's IEP, the district which developed the IEP shall award the diploma or Certificate of Completion. (5 CCR 3069)
