

OUR SUSTAINABLE SCHOOL MODEL

Decker Elementary School

Sustainability Series 1.1

June 2018

At Decker Elementary School, we are excited to become a sustainable school model in Texas to ensure our students continue to prosper in a healthy and sustainable learning environment! Through our Benecras Sustainability Program, we will be launching new programs and initiatives aligned to the sustainability of our campus.

The Benecras Sustainability Program is aligned to the following core components:

Facilities & Operations

Ensuring sustainable management and operations to reduce the operating costs and environmental impacts of our campus is a key priority. In doing so, this helps ensure the health and well being of our students.

Curriculum & Instruction

Through a campus sustainability program, our academic programs and curriculum become more rooted in sustainability literacy and project-based learning to equip students to tackle real-world challenges.

Culture & Community

We need YOU! A sustainable school has a mission and vision that is aligned, and engages community stakeholders in the sustainability of the campus and community.

NUESTRO MODELO ESCOLAR SOSTENIBLE

Decker Elementary School

Sostenibilidad Serie 1.1

Junio de 2018

En la escuela primaria Decker estamos entusiasmados de convertirnos en un modelo de escuela sostenible en Texas para asegurar que nuestros estudiantes continúen prosperando en un ambiente de aprendizaje saludable y sostenible! A través de nuestro Programa de Sostenibilidad de Benecras, lanzaremos nuevos programas e iniciativas alineados con la sostenibilidad de nuestro campus.

El Programa de Sostenibilidad de Benecras está alineado con los siguientes componentes principales:

Instalaciones y Operaciones

Garantizar la gestión y las operaciones sostenibles para reducir los costos operativos y los impactos ambientales de nuestro campus es una prioridad importante. Al hacerlo, esto ayuda a garantizar la salud y el bienestar de nuestros estudiantes.

Currículo e Instrucción

A través de un programa de sostenibilidad del campus, nuestros programas académicos y el plan de estudios se vuelven más enraizados en la alfabetización sustentable y el aprendizaje basado en proyectos para equipar a los estudiantes para enfrentar los desafíos del mundo real.

Cultura y Comunidad

Para
obtener

¡TE necesitamos! Una escuela sostenible tiene una misión y una visión alineadas, y compromete a los interesados de la comunidad en la sostenibilidad del campus y la comunidad.

About Manor ISD

Manor Independent School District is a rapidly growing, diverse district that encompasses approximately 100 square miles and includes addresses in Austin, Manor, and Elgin, Texas. It serves over 8,700 students at two high schools, three middle schools, nine elementary schools, and one alternative academy. The District is made up of a unique blend of rural and urban features with its diverse population. Its primary focus offers exciting opportunities and demonstrates what is possible when educating 21st-century students.

About Benecras

Benecras partners with K12 schools to improve financial and environmental performance through a managed sustainability program. By partnering with K12 schools nationally, Benecras Sustainability Programs have helped K12 schools lower their environmental impacts and operating costs by 50% in the areas of energy, water, waste, and printing.
