Suggested Soccer Playing Days Rotation Schedule

League schedules and playing dates are a league decision that requires vetting among the stakeholders. Coaches, athletic directors, and administration must have the opportunity to express their views. It is recommended that each league commissioner obtain the officials' assigners recommendations for best playing days for each sport. When unable to agree on playing dates for any sport, a league majority vote by the athletic directors will determine the league decision. All schedules must have principal's approval from all league schools.
