

HONORS / AP QUALIFYING EXAM INFORMATION & CALENDAR (2020-2021)

PURPOSE: Qualifying exams exist as part of SMCHS' process to assess student willingness and academic preparedness for Honors and/or AP coursework. Honors and AP courses are academically rigorous and require a high level of maturity, time-management skills, and personal accountability. While qualifying exams are an important factor for entry in Honors/AP courses, other metrics considered may include: prerequisite grades, standardized testing data, successful completion of a summer assignment, personal interviews, portfolio submission, and teacher recommendations.

Please consult the [Academic Handbook](#) to confirm entry requirements for the courses in which you intend to enroll.
