Agosto del 2018

The Healthy Schools Act of 2000 requires that schools provide you with annual written notification of expected pesticide use on school sites. The annual notification will identify the active ingredient(s) in each pesticide product. The list of pesticide products, that may be used, during the year is attached. Additional information on pesticides and their alternatives can be found on the Internet at www.cdpr.ca.gov.

La Ley de Escuelas Saludables del 2000 requiere que las escuelas le provea a usted con una notificación anual escrita sobre el use de insecticidas en los planteles escolares. La notificación anual identificara el ingrediente/s en cada producto. Adjunto encontrara la lista de los productos de insecticidas que se pueden utilizar durante el año. Información adicional sobre los insecticidas y sus alternativas se pueden obtener por medio del internet en www.cdpr.ca.gov.

If students have allergies or sensitivities to specific pesticides, you may wish to request prior notification of individual pesticide applications at the school site. Notifications will be made at least 72 hours before pesticides are applied. If you would like to be notified every time a pesticide is applied at the school, please complete and return the form below to your student's school. If you have any questions, please contact the school your student attends.

Si los estudiantes tienen alergias o sensibilidades a insecticidas específicos, usted puede solicitar notificación previa cuando un insecticida se utilizara en el plantel escolar. La notificación se hará por lo menos 72 horas antes que se aplique el insecticida. Si usted desea ser informado cada vez que se va a aplicar el insecticida en el plantel escolar, por favor complete y regrese la parte inferior de este formulario a la escuela de su estudiante. Si usted tiene preguntas, por favor comuníquese con la escuela de su hijo.

Sincerely,

Atentamente,
