

## February 2019 Collaboration Day Summary

All teachers spent this Collaboration Day listening to representatives from publishers of the three curricular choices that were selected for the NGSS pilot. The three publishers are:

- Inspire Science - McGraw Hill
- STEMScopes - Accelerate Learning
- National Geographic Learning - Next Generation Science

Teachers who wish to pilot will pilot all three curricular choices and spend the time it takes to complete at least one unit. They will also be responsible for filling out a rubric based on an NGSS rating scale. LCE Piloting teachers include:

\*Mandy Redfern  
Wendi Damico  
\*Jan Rappleye  
\*Carey Durfee  
Karen Gilmour  
\*Kim Slattery  
Deborah Pruden  
Cristina Diaz  
Lisa Marie Balane  
Whitney Worster  
Laurie Hopkins  
\*Raven Flowers  
\*Lauren Schour  
Barb Drange  
Jenny Franz  
Annette Fuelling  
\*Andrea Redecker  
Lisa Fungo

\* = NGSS Committee Member

Committee members, including LCE's parent representative, Sheila Dunbar, will bring the rubric and rating forms to a Committee Meeting where they will be tabulated and discussed. Committee members will make the final selection in the event of a tie.
