SIDES

Contact our Campus Librarians

High School - holly.hensley@jarrellisd.org
Middle School - alison.martone@jarrellisd.org
Intermediate School - bridget.jarrett@jarrellisd.org
Elementary School - jennifer.nachtwey@jarrellisd.org

DESSERTS

Book Fairs

Every campus hosts at least one book fair a year.

Celebrations

- Banned Books Week
- Family Literacy Nights
- Read Across America Week
- Poetry Month
- Author Visits and Skype Visits
- Dia de los Libros
- Fun Extras (like holiday events)

MAIN COURSES

Research

We can help with all steps of the research process, including using databases, finding appropriate resources, citing sources, and presenting information in new and appropriate ways.

Information Literacy

The library can provide lessons on fake news, media literacy, keyword searching, website evaluation, fact checking, copyright and image use, and responsible social media use.

Technology

Sick of Power Point? Let us help your students learn new presentation tools. We can also help you integrate new technology into your lessons.

Literature and Reading Appreciation

We will curate book lists around themes, units, and topics for you. The library is also a great place to host literature circles, book talks, and book tastings. Anything book related, that's us!

Finding Resources

Do you need digital or print resources? We are here to help! We can also help you create online collections using Destiny Discover.

Team Teaching

Let's partner! You cover content and we will cover process, expression, and presentation.

MakerSpace

Here at JISD, we believe that creativity IS learning. Work with our librarians on adapting lessons to include a "maker-mindset."
