## Elementary Parent Volunteer Interest Form

Dear Pinnacle Parent or Guardian:

Studies show that parental involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement; moreover, most experts agree that parental involvement should go beyond attendance at Parent/ Teacher Conferences and Open Houses. We realize, however, that each of our families is unique – with its own priorities, needs, talents, and time constraints -- and therefore, we offer various options for volunteering. We encourage you to become involved by indicating below your areas of interest and availability. Your responses may be shared with staff, parent groups, Pinnacle School Board and community members, who are seeking assistance for school related happenings. Thank you for being an active member of our school community.
