**ADMINISTRATIVE COMMENTS/LEGISLATIVE REPORTS/ COMMITTEE REPORTS**

Dr. Pickell indicated that our legislators have really been busy working on the budget for next year. They are trying to keep things quiet and low key because it is an election year. We are trying to get awareness out there of the Equity Caucus findings on the study that was done by the non-partisan group to show where Michigan funds it's educational programs compared to the rest of the states. We hope to turn that into some key discussion points

The Superintendent thanked Peyton, Ethan and Elaina for the two years of excellent service that they provided to the Board. The rotation worked great and they came in very prepared, knowledgeable and articulate every time. They possess a lot of the skills that we are very proud of here in our school system. He wished them all the best in their future endeavors in college and in finishing up the remainder of the year and getting ready for graduation. Dr. Pickell told them that they would be tough to replace and he hopes they help out the next crew coming in and give them some direction on how to continue this great opportunity and tradition that we have.
