

Please see the note below from Caroline, Volunteer and Community Outreach Coordinator at CHCC. We look forward to continuing to brighten the days of the residents of the CHCC through donations, cards and visits in the upcoming New Year.

---

*Good Morning,*

*My heart is OVERFLOWING with gratitude for the generous donations Kelly (and her helper) brought yesterday from St. Elizabeth's School. The residents will love these new beautiful bingo prizes. The students' handmade Christmas cards will bring smiles to the residents. Some of the wording is so precious and the residents will feel the children's love. Some items are so nice that we are able to use those for Christmas gifts for residents who do not have family. I will send you photos of residents using your gifts in the new year.*

*Have a blessed Christmas and I am honored to be working with SES now and in the new year.*

*Warm Regards,  
Caroline*
