

George Washington Carver Academy

Dear George Washington Carver Academy Community:

Greetings! My name is Nikole J Morris and as the Building Administrator I have the honor and privilege of returning to George Washington Carver Academy for the 2019-2020 school year. This year marks my 12th year in education with the previous 8 years as a Middle School Social Studies teacher and 2 years as a 5th-8th Grade Assistant Principal. I have served on a School Improvement Team for 6 years, Social Studies Department Head for 6 years and Shared Leadership Team for 5 years along with many other roles. I currently hold a Professional Social Studies Secondary Education (RX) Certification and a K-12 Administrator's Certificate. I believe that my time working within each of those positions will continue to help me immensely in my role at GWCA. I am truly honored to continue to work alongside Mrs. Brown and the phenomenal staff to positively impact every student's performance and school experience.

Along with the current staff and administration, I will continue to work hard to build strong relationships with parents, students, staff, and community leaders. I feel strongly that building relationships is the key to any school improvement process. No one person has all of the answers, but working collaboratively we may. As the saying goes, "It takes a village to raise a child."

Kindergarten through eighth grade years are an important and critical time of foundational learning for students. What happens during these years will have a lasting impression on their growth and development. Our job as a team is to move students from the elementary experience and prepare them to be successful in high school, college and beyond. Students, parents, teachers, support staff and administration all need to work together to help each student meet and exceed our expectations.

Frequent communication is a key to success. I look forward to meeting each and every one of you as the school year progresses. I am here to support you in any way that I can. In order to achieve this success, it is important that we develop a positive working relationship with open lines of communication. I welcome introductory phone calls (313) 613-0711 or e-mails: nmorris@gwcarveracademy.org from not only parents and staff, but community members as well.

I am truly honored and delighted to serve the students, teachers, parents, and our community as the Building Administrator of George Washington Carver Academy. I am here to assist you in any way I am able and look forward to and appreciate your support as well.

Sincerely,

Nikole J Morris, M. Ed
Building Administrator
George Washington Carver Academy

George Washington Carver Academy, in partnership with families and community, is committed to achieving excellence in all students by producing well-rounded, independent, and academically successful and competitive individuals.
