II. CURRICULUM WORK

Carl E. Gilbert School After School Academic Interventions

Gilbert Elementary is seeking to provide additional intervention for students that may be close to achieving grade level standards and whom may benefit from a bit of extra support to reach this goal. Using district and state ELA and ELD data, teachers will determine approximately 12 students per grade level (Grades 2-5) who are close to meeting reading and language state standards. Teachers will then work with these students in an extended learning day once or twice per week. They will specifically be tutoring in the areas of ELA and ELD. The tutoring session will begin on February 12, 2019, and it will end no later than April 30, 2019. The total amount of combined extra time will be 90 hours. Certificated staff will be paid the contractual rate of \$47.90 per hour (includes benefits). Total expenditures for teachers are not to exceed \$4,311 payable from Gilbert Title I funds.
