

American Flag Disposal Project

Sometimes United States flags become tattered, worn, and weather beaten. Flying flags in this condition is considered to be disrespectful. It is also disrespectful to simply throw away the American flag in the garbage.

There is an American flag disposal box in the Wass main office. When your United States flag becomes torn, tattered, or weather beaten, please respectfully fold the flag and have your child put it in the American flag disposal box. United States flags only, please. When the box is full, the retired flags will be delivered to the Veterans of Foreign Wars (VFW) where they will be properly disposed.

Please keep our flag flying high and proud!
