**Principal’s Corner**

Greetings,

February is Black History Month. Neithercut Elementary School is committed to the principals of equality as well as celebrating and honoring diversity. As such, we consider the study of Black History to be essential to understanding the history of the nation. It can be a very difficult conversation when we discuss the atrocities of the past, but it is vitally important that we help foster a sense of understanding in our young students so that we can move forward as a nation. It is also very important to remind young people of all of the accomplishments and contributions that have been made to American culture by talented African-Americans.

For the purposes of honoring African-American culture and highlighting the history of black people in America, we will be having a Black History Program at the school on February 13\textsuperscript{th} at 2:00 PM; all Neithercut students will be performing. We ask that parents please be in attendance.

Thank you for your continued support.

Christopher Ochodnicky
Principal
