

ALL SAINTS CATHOLIC SCHOOL

CHALLENGING MINDS, INSPIRING HEARTS. FOR STUDENTS IN PRE-K TO GRADE 8

ASCS FLIGHT SCHOOL

ASCS STUDENTS & PARENTS

Once again after a VERY SUCCESSFUL program last year for 28 students in Grade 5-8, experienced Air Force Pilots Gemo Yesil and Christie Fleishman will offer 'once in a lifetime' programs in science, technology, engineering and mathematics with real-time virtual aviation lesson plans in a Fall after-school aviation program which will include ...

- Pilot flight simulators of all sorts of airplanes
- Flying drones
- Planning rescue missions
- Learning the science of aerodynamics
- Exploring aviation careers
- Meeting veteran pilots
- Collaborative Team obstacle course competitions

...while Improving Critical Thinking, Communication, Collaboration, and Creativity Skills.

Middle School students *loved* learning how to fly planes 'on the ground' and operating drones in the gym. Two Programs will be offered in the 2018 Fall semester:

Level 1...Grade 5-8 students who have NOT participated in the Flight School (See attached details)

Level 3... Grade 5-8 students who have participated in the Flight School programs last year. (See attached details)

Note: in the Spring 2019 semester Level 2/Level 4 courses for those grade 5-8 students completing the Fall Level 1 & 3 sessions will offered.
