### SUMMER PROGRAMS:

#### NHSEMP Freshman Bridge at the Univ. of Hawaii at Manoa:

The Native Hawaiian Science and Engineering Mentorship Program (NHSEMP) is looking for incoming freshmen interested in STEM (science, technology, engineering, math) to apply for their Freshmen Bridge program. The NHSEMP Bridge Program is a 10-week part-residential summer program that addresses important barriers for traditional, incoming STEM students: greater preparation for college-level math courses; smooth transition from high school to college; and financial burden. Freshman Bridge offers the following:

- Co-enrollment in formal University Calculus and Hawaiian Studies courses for credit;
- Daily recitation sessions led by NHSEMP Bridge mentors
- 15-20 hours of faculty-driven STEM research each week;
- Professional development, cultural workshops, & STEM industry site visits;
- Formal oral research presentation

Student eligibility - Preference will be giving to students who meet the following requirements:

- Native Hawaiian, Polynesian, Native American, Alaska Native students, and underrepresented students in the STEM disciplines
- Students pursuing a STEM degree
- Full-time undergraduate status
- Home campus is UH Manoa

How to apply:

- Bit.ly/FreshmanBridgeNHSEMP

**Deadline:** March 15, 2020

#### Hawaii AgDiscovery Program:

Students in 9th, 10th and 11th grade who are interested in a career in plant and animal science should consider attending AgDiscovery, a FREE, two-week summer program at the University of Hawaii at Manoa. AgDiscovery is a joint program between several universities and the USDA. High school students will learn about careers in agriculture, agribusiness, and animal and plant science. Hawaii AgDiscovery is packed full of amazing hands-on experiences such as orchid pollination, DNA barcoding, honey extraction, cultural activities and more. 10 students will be selected to participate and expenses for the program, including housing and board at the UH at Manoa are covered.
