

**Tuscarora School District**  
**100 West Seminary St.**  
**Mercersburg PA 17236**

August 1, 2019

Dear Parent or Guardian:

A valuable dental service is offered to you through the Tuscarora School District with endorsement by the Pennsylvania Department of Health.

With parental permission, children in grades 1-5 will have an opportunity to participate in a Fluoride Supplement Program through a tablet given each day. Studies have shown that a supervised Fluoride Supplement Program can reduce the incidence of tooth decay.

Please indicate below whether or not you wish your child to participate in this program. The original permission given for your child to participate in the program will be extended through the year, unless we hear otherwise from you.

Thank you for your support and cooperation in our efforts to promote the best possible dental health in our students. Please feel free to speak to your building principal if you have any questions regarding this program.

Sincerely,

Rodney N. Benedick  
Superintendent

Please Detach and Return to School

\_\_\_\_\_ Yes, I would like my child to participate in the Fluoride Supplement program.

\_\_\_\_\_ No, I would not like my child to participate in the Fluoride Supplement program.
