

## LETTER OF INVITATION TO COMMUNITY BUSINESSES & EMPLOYERS

January 16, 2019

Dear Community Partners:

Tahquitz High School plans to host a district wide job fair on April 24<sup>th</sup>. Our goal is to bring in a variety of businesses and employers to this event. Our job fair would be greatly enriched by your organization's participation. We are asking key community businesses and employers such as yourselves to join us and participate in this event.

The job fair will be open to high school juniors, seniors, and the entire community. With a current focus on preparing our youth for college and career paths, Hemet High School, West Valley High School, and Tahquitz High School has initiated a series of workshops to prepare our students to participate as potential candidates for job opportunities during the event for any employers wishing to conduct on the spot interviews or screening of candidates.

Beyond creating an exciting event for the community filled with opportunities, we see this job fair as a very positive way to celebrate our community spirit and our appreciation for the residents, staff, students, volunteers, and community partners who have given so much to our town.

We hope you can join us for this fun and meaningful event. Please contact the College & Career Counselor Kellee Shearer or Site Facilitator Maria Figueroa for any questions or to sign up. Deadline to sign up for this event is March 31, 2019. We hope to see you there.

Sincerely,

Kellee Shearer
