

Monday, April 29, 2019

To the Parent/Guardian(s) of the current Living Environment Student(s),

Hello! As April draws to a close, we are coming to the end of the year and the start of Regents Exams!

In order to offer additional preparation for our Living Environment students, I will be hosting weekly targeted "Regents Boot Camp" review sessions on Wednesdays and Thursdays after school from 3 – 4 pm. (These review sessions will be **in addition** to the weekly extra help sessions on Tuesdays from 3 – 4 pm.) Each week we will be reviewing a new unit of content, starting from the beginning.

The schedule and topics for the targeted extra study sessions are as follows.

| | |
|-------------------|---|
| Thursday, May 2 | Unit 1: Experimental Design, Organizing Data, Laboratory Skills |
| Thursday, May 9 | Unit 2 and 3: Ecology and Human Impact on the Environment |
| Thursday, May 16 | Unit 4: Evolution & NYS Lab Beaks of Finches |
| Wednesday, May 22 | Unit 5: Life Processes & Biochemistry |
| Thursday, May 23 | Unit 6: Reproduction |
| Wednesday, May 29 | Unit 7: Cells & NYS Lab Diffusion |
| Wednesday, June 5 | Unit 8: Genetics & NYS Lab Biodiversity |
| Thursday, June 6 | Unit 9: Human Disease |

Please sign and return the bottom portion no later than Wednesday May 1, 2019 and encourage your student(s) to stay after school for these targeted extra study sessions. Thank you!

Sincerely,

Mrs. Shanley

pshanley@stdoms.org

I have read the Regents Biology Bootcamp letter and will begin to review for the Living Environment Regents on my own or at Bootcamp! I also know I can find a list of Regents Review resources on Google Classroom.
