## Community & School Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 30 elementary and secondary schools with an enrollment of over 21,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Hemet High School is a four year comprehensive high school accredited by the Western Association of Schools & Colleges through 2022.

Hemet High School has a total student enrollment of 2350 students with the following ethnic diversity: 51% Hispanic/Latino, 36% White, 6% Black/African American, 1% Asian, 1% Native American, 1% Filipino/Pacific Islander and 4% other.

74% of Hemet High School stu-

dents qualify for free or reduced lunch.

Hemet High School was named a California Distinguished School in 2009 and a California Gold Ribbon School in 2015. Hemet High School was named a National B.A.R.R. School of Excellence for its successful implementation of the Building Assets Reducing Risks intervention model. Hemet High School's Academic Decathlon and Mock Trial teams consistently finish in the top 5 schools countywide. Over 280 students participate in AVID and 130 students are actively engaged in the Air Force ROTC program.

Hemet High School sponsors over 60 student clubs and extracurricular organizations and offers 52 Freshmen, JV, and Varsity athletic teams. Several teams have earned scholar-athlete recognition for their athletic performance and high Grade Point Averages and the school was the recipient of the 2014-15 CIF Champions of Char-

acter award.

Hemet High School offers several CTE pathways in Agricultural Mechanics, Agriscience, Animation, Child Development, Engineering Design, Food Service & Hospitality, Information Support & Services, Marketing, Ornamental Horticulture, Patient Care, Performing Arts, Production & Managerial Arts, and Systems Diagnostics, Service, & Repair. Hemet High's CTE Auto Mechanics internship program is currently rated #1 in California.

50% of graduating seniors reported that they plan to attend a two year college/trade school after graduation while 43% planned to attend a four year university.

Colleges and employers are encouraged to contact the Hemet High Career Center to arrange lunch time recruitment visits to campus or classroom presentations.
