March 16, 2020

Due to ever changing developments around the issue of COVID-19 the District has made the difficult decision to cancel school for students tomorrow (Tuesday). This means that students will not report back to school until Monday, April 13. If students need personal items from the buildings, they will be open from 4-7 p.m. this evening and 8-12 tomorrow (Tuesday) morning. We will send information later in the week concerning the distribution of educational materials.

There is information on the District's website regarding the availability of breakfast and lunches for those students who need them or you may contact the District Office at 315-536-3371.
