

RIVERVIEW COMMUNITY HIGH SCHOOL
STUDENT CODE OF CONDUCT
Grades 9 – 12
2019-2020

The purpose of this Student Code of Conduct is to help students develop respect for the rights and properties of others, develop self-discipline, learn to interact with fellow students and prepare to assume the responsibilities of good citizenship when they leave school. The Code is a list of violations and the penalties that will be imposed by an administrator should students commit the violations. The Code also includes an appeal process to be used if students or parents are dissatisfied with the action taken. It is the obligation of all students and parents to read the Code of Conduct.

The classroom atmosphere must be one in which students can learn effectively and teachers can teach effectively. If a student interrupts the instructional process, the teacher will make every effort to resolve the problem. However, if the problem persists, the teacher will refer the student to an administrator. If a federal, state or local law is broken, the incident and student will be reported to the appropriate authorities and parents have an obligation of accepting the responsibility for their child's actions.

All school personnel (teachers, administrators, custodians, secretaries, lunchroom supervisors, bus drivers, paraprofessional, athletic event personnel, coaches, and group sponsors, etc.) have the right to initiate disciplinary action as stated in this document at any sanctioned school activity, even if not located within the Riverview Community School District. Teachers and other authorized school employees may remove a student from a class or other activity and send the student to the office. Lockers, parking lots, and the district wireless network are school property and are subject to searches at any time for any reason. This includes the use of detection dogs.

The Student Code of Conduct provides guidelines which school authorities will utilize regarding student misconduct. It recognizes that individual situations and special circumstances may be taken into consideration in each case. A school administrator or the Board of Education may impose a less serious or more serious consequence for a particular incident of misconduct if, in their judgment, the circumstances warrant. Moreover, the lists of violations on the following pages are not all-inclusive, but are representative and illustrative. A student committing an improper act of misconduct which does not happen to be specifically listed is subject to disciplinary action. Consideration of previous violations, even of a different nature, may be considered in determining the appropriate consequence. Any In-School Suspension (ISS) or Out-of-School Suspension (OSS) is intended to help correct a situation, not harm or disgrace the student involved, and it will be used when other means to solve the problem have failed.

It is recognized that it is important to have the school administration and teachers maintain a direct involvement with parents, either by telephone, electronically or by conference. The administration and staff should also utilize various auxiliary personnel such as social workers, psychologists, outside agencies, etc., as a resource when dealing with students and/or their parents.

Parents are responsible for developing and maintaining the appropriate behavior pattern of their students. Parents are also responsible for supporting and reinforcing appropriate school authorities' action when students misbehave in school. Parents must accept responsibility for their student's actions and make

restitution where appropriate for their student's actions, and recognize it is detrimental to their children's development to excuse inappropriate behavior.

The Code of Conduct is reviewed annually by a committee composed of school staff, parents, students, and a member of the Board of Education. Prior to submitting the proposed changes to the Board of Education for consideration, this committee provides an opportunity to review, comment, and provide input on the Code of Conduct. All students and parents are welcome to participate on this committee. If you are interested, submit a written request to the principal.

The Riverview Board of Education has taken formal action to enact this Code of Conduct and supports the provisions of the Code when they are administered pursuant to the directions set forth.

The following are guidelines for most disciplinary actions. The administrator has the option to repeat any step if appropriate. The administrator reserves the right to limit the number of in-school suspensions that a student may serve; the administrator may also assign either ISS or OSS at their discretion. A flagrant violation may result in a penalty greater than the guidelines.

The Code of Student Conduct is in force:

1. While students go to or from school at any time (including lunch).
2. On any school district property at any time.
3. At all school-sponsored or approved events or activities on or off campus.
4. On a school bus for any purpose.
5. With respect to any misconduct toward any school employee or damage to his/her property, whether on or off school premises.
6. With respect to any off-campus misconduct of a serious and/or criminal nature, which poses a likelihood of danger to the health (physical or emotional) or welfare of students or district personnel (i.e., selling drugs off-campus), or which reasonably makes the continued presence of the student in the school disruptive to the educational process (i.e., committing vicious crime off-campus).
7. Online (Electronic) activity that occurs on or off school campus that affects the school environment in a manner that causes a disruption to any group or member of the school community.

A student who has engaged in misconduct resulting in expulsion or long-term suspension in another school system, public or private, or who is alleged by school authorities to have engaged in misconduct in another school system, but who has withdrawn from said school system before such misconduct was established by an appropriate hearing, which misconduct, if true, is of sufficient gravity to pose a threat to the health or welfare of students or district personnel, may be subject to suspension or expulsion where such misconduct has been established in a hearing before the superintendent or his/her designee.

SUSPENSION PROCEDURES (ISS OR OSS)

Students and their parents or guardians shall be provided information regarding the circumstances which result in suspension with an explanation for the action itself.

Where a suspension is the indicated penalty, a student shall be entitled to an informal hearing with the building administrator prior to the effective date of suspension (except in circumstances where the infraction involved jeopardy to staff members, support personnel, school or student body). At the informal hearing, the student shall be given the opportunity to present his/her side of the incident.

An effort shall be made to contact the parent/guardian at a time before the suspension becomes effective. A written communication will be given to the student to take home to his/her parents. The student will sign the

written communication to indicate he/she has received the notice and will take the notice home to his/her parent.

The written notice shall include information on the reasons for the action being sought. The parents must submit a request for a hearing to the appropriate administrator, in writing, in a timely manner.

TYPES OF DISCIPLINARY ACTION

1. **WARNING** - either verbal and/or written notification sent to parents.
2. **DETENTION** - notification given to student and parent via telephone, electronic or written copy sent home. If a student at the high school should miss detention, they will be assigned OSS. If a call is received by administration from the parents and the reason merits a rescheduling of detention, there will be no penalty. Only one change per trimester is allowed at the high school. Calls to reschedule the detention at the high school must be received by 7:50 a.m. on the day after the scheduled detention when the student returns to school.
3. **ISS** – students will be allowed 12 days (4 days per trimester) of ISS per year. After that, all ISS may turn into OSS. Students may need to reschedule with their teacher in order to earn missed participation points when in ISS or OSS per each individual classroom rules. If the student should arrive late for ISS (after 7:45 am), they will be sent home and have OSS for that day.
4. **SHORT-TERM SUSPENSION (OSS)**
 - A. **Definition** - A short-term suspension is the denial of a student’s right to attend school, be present on school grounds, and attend any school function for a period ranging from one to ten school days.
 - B. **Authority** – A principal or designee (hereafter “Building Administrator”) has the authority to impose a short-term suspension based upon misconduct.
 - C. **Procedures**
 1. A suspension may be imposed by a building administrator following an informal hearing involving the administrator and the student in which the student is advised of the misconduct with which he/she is charged and the evidence supporting the charge and is given an opportunity to present his/ her version of the alleged incident(s).
 2. At the discretion of the building administrator, other persons may be permitted to attend the hearing or otherwise provide information, which will tend to assist in the resolution of the charge.
 3. Where, upon the conclusion of such informal hearing, the building administrator determines that the student has not engaged in misconduct, the charge shall be dismissed and all documents reflecting the charge, if any, shall be removed from the student’s records.
 4. Where, upon the conclusion of such informal hearing, the building administrator determines that the student has engaged in misconduct, an appropriate suspension not to exceed ten (10) school days may be imposed upon the student by the building administrator.
 5. Parents will be notified by telephone, letter, or electronically of the student’s suspension and the reasons therefore.
 - D. **Appeal Procedures**
 1. Should the student and parent or guardian request a review for the student regarding the suspension, that review shall be held before the building principal.
 2. A review at the building level shall be held within three (3) school days of the suspension. A delay may be granted for as long as one week. If a review hearing does not occur within a week, the

disciplinary action will go into effect. Special circumstances will be handled at the discretion of the administrator.

3. The building principal is the final level of appeal on short-term suspensions, except in cases where the principal was the suspending administrator or a witness against the student. In such cases, the appeal shall be directed to the Director of Curriculum, whose decision shall be final.

5. LONG-TERM SUSPENSION AND EXPULSION

- A. **Definition** - A long-term suspension is the denial of a student's right to attend school, be present on school grounds, and attend any school function for a period in excess of ten (10) school days. An expulsion is the total and permanent exclusion of a student from the Riverview Community Schools.
- B. **Authority** - The Superintendent/designee has the authority to impose a long-term suspension based upon misconduct, and is the board's designee to hear and determine matters of expulsion.
- C. **Procedures**
 1. A long-term suspension or expulsion may be recommended to the Superintendent/designee by a building administrator following an investigation of charges of misconduct by a student and an offer to the student and his/her parents or guardians of an informal hearing involving the administrator and the student, in which the student shall be advised of the misconduct with which he/she is charged, and is given the opportunity to present his/her version of the alleged incident(s). At the discretion of the building administrator, other persons may be permitted to attend the hearing or otherwise provide information, which will tend to assist in the resolution of the charges.
 2. Where, upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of an informal hearing, if requested, the building administrator determines that the student has not engaged in misconduct, the charges shall be dismissed and all documents reflecting same, if any, shall be removed from the appropriate academic records of the student.
 3. Where, upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of an informal hearing, if requested, the building administrator determines that the student has engaged in misconduct which merits the imposition of a long-term suspension or expulsion, the building administrator shall recommend in writing to the Superintendent/designee that the student be so disciplined, identifying the basis upon which the building administrator's recommendation is founded. The building administrator may also, upon making such determination, impose an immediate suspension of the student, pending further review of the recommendation.
 4. A student, or a parent of a minor student, may waive the student's right to a hearing on charges alleging student misconduct and voluntarily accept suspension or expulsion from school, school grounds, and school functions without such a hearing. A suspension shall be for a specific period of time. Such voluntary suspension is not a right of any student and shall be available only at the discretion of the building administrator.
 5. Upon receipt of a recommendation from a building administrator for a long-term suspension or expulsion of a student, the Superintendent/designee shall review such recommendation and shall determine, based upon the information before the Superintendent/designee, the appropriateness of the recommended discipline or may take other action as is appropriate.

6. If the Superintendent/designee determines that it is appropriate to pursue a long-term suspension or expulsion, then the Superintendent/designee shall schedule a hearing upon the same before the Superintendent/designee. Such hearing shall take place within ten (10) school days following the commencement of the student's suspension.
7. At the hearing before the Superintendent/designee, evidence in support of the charges shall be presented by the building administrator. The student may be represented by counsel and may present witnesses in his/her behalf, as well as cross-examine witnesses who testify in support of the charges. Following the conclusion of the evidence and within ten (10) school days following the commencement of the student's suspension, the Superintendent/designee shall issue a written decision, determining either that:
 - a. The charges of misconduct are well founded and that the discipline imposed by the building administrator shall continue.
 - b. The charges of misconduct are well founded but that the discipline imposed by the building administrator shall be either discontinued or changed to a fixed term, or
 - c. The charges of misconduct are not well founded whereupon the charges shall be dismissed.
8. If the student and/or parents or guardians do not elect to have such a hearing by failing to respond to such notice within five (5) school days indicating their election, or if they affirmatively decline the opportunity for a hearing, the Superintendent/designee shall review the recommendation of the building administrator and make such determination as it is appropriate based upon the information before him/her. The decision of the Superintendent/designee is final.
9. If there is reasonable cause to believe that a student who has been charged with misconduct is disabled, and the student has not previously been evaluated by the Riverview Community Schools, such an evaluation shall occur prior to the hearing before the Superintendent/designee on charges of misconduct potentially leading to a long-term suspension or expulsion of that student. In the event that it is determined that the student is disabled, such evaluation shall include a determination as to whether the events which are the subject of the charges were approximately related to the disabling condition. In the event it is determined that either the student is not disabled or, if disabled, the events which are the subject of the charges were not proximately related to the student's disability, the foregoing procedures shall resume from the point at which they were suspended. In the contrary event, the charges shall be dismissed and an appropriate special education placement shall be determined.

D. READMISSION AFTER EXPULSION

Following expulsion, the student shall not be readmitted to any school within the Riverview Community Schools except by action of the Board of Education. The Board of Education may choose to readmit the student in a subsequent school year, if in the Board's judgment, the student can satisfactorily demonstrate that he/she has made a sincere effort at rehabilitation subsequent to expulsion and will not represent a threat to the safety and welfare of the students of the Riverview Community Schools. The Board of Education may further qualify readmission upon specified conditions, which it determines are appropriate. The decision of the Board of Education with respect to any request for readmission is final.

SECONDARY POLICY ON STUDENT DRESS AND APPEARANCE

For example: hats, non-religious head coverings, egregiously short shorts/skirts, excessively torn or destroyed clothes, pajamas, clothing with profanity, vulgar/obscene suggestions, violent sayings or images, clothing which promotes, displays, or advertises alcohol or drugs, or infringes upon the rights and freedoms of other students are not allowed. Board Policy 8260 – Bullying (Cf. 8018)

Bullying Prohibited

Bullying and cyberbullying are both forms of harassment. For the purposes of this policy, “bullying” is defined as: “The repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted, or emotional abuse, or through attacks on the property of another. It may include, but not be limited to, actions such as verbal taunts, name-calling and put-downs, including ethnically-based or gender based verbal put-downs, extortion of money or possessions, and exclusion from peer groups within school.” Cyberbullying is defined as: “Any electronic communication that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) Substantially interfering with educational opportunities, benefits, or programs of one or more pupils.
 - (ii) Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
 - (iii) Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
 - (iv) Causing substantial disruption in, or substantial interference with, the orderly operation of the school.
- Such conduct is disruptive of the educational process and, therefore, bullying and cyberbullying are not acceptable behaviors in this District, and are prohibited.

Students who engage in any act of bullying or cyberbullying while at school, at any school function, in connection to or with any District sponsored activity or event, or while en route to or from school are subject to disciplinary action, up to and including suspension or expulsion. As may be required by law, law enforcement officials shall be notified of bullying or cyberbullying incidents.

The Superintendent shall develop administrative regulations and programs that will increase awareness of the problem of bullying or cyberbullying, and train teachers and other staff to effectively intervene if bullying or cyberbullying is witnessed in their presence or brought to their attention. In designing administrative regulations and anti-bullying programs or strategies, the Superintendent should consult with the greater school community, including students.

Students reporting bullying or cyberbullying are assured confidentiality. This policy shall not be interpreted to prohibit a reasoned and civil exchange of opinions, or debate that is protected by state or federal law.

Multiple violations will be handled in the order they occur if disciplinary action is required.

THE FOLLOWING CIVIL VIOLATIONS WILL BE REFERRED TO THE PROPER AUTHORITIES FOR DISPOSITION AND CAN BE FOLLOWED BY SUSPENSION (OSS) FOR UP TO TEN DAYS. LONG TERM SUSPENSION UP THROUGH EXPULSION WITH SUPERINTENDENT/BOARD OF EDUCATION APPROVAL CAN BE IMPOSED FOR MISCONDUCT OCCURRING AT SCHOOL, ON SCHOOL PROPERTY, AT ANY SCHOOL SPONSORED ACTIVITIES, OR TO WHICH THE STUDENT CODE OF CONDUCT IS APPLICABLE. **RIVERVIEW COMMUNITY SCHOOLS
ATTENDANCE POLICY**

Regular school attendance is a critical factor for academic success. It is very important for students to be in school and on time every day. Most of our students have excellent attendance. Unfortunately, each year we have students who have frequent incidents of incomplete instruction time due to absence, tardiness, and early departure. These incidents not only cost the student valuable instruction time, but also interrupt the instruction of other students in the classroom.

Parents and guardians are expected to make sure their children attend school on a regular basis. If your child misses no more than five or six days (national average) of school each year you are on target. If your child misses more than five or six days, please read this policy carefully.

The intent of this policy is to:

- Clearly communicate parental and student expectations for school attendance.
- Promote communication between school and home regarding attendance.
- Provide intervention to promote and encourage continuous and consecutive attendance.
- Reduce the current level of absences, tardiness and early departures.
- Encourage full attendance by all students.

General:

1. This policy was written in accordance with the following laws, ordinances, and guidelines:
 - Michigan Compulsory Education Law (MCL 380.1147, 380.1278a, 380.1278b, 380.1284, 380.1284b, 380.1561- 380.1599, MCL 388.1701
 - Wayne County Third Circuit Court, Family Division, Juvenile Division, Erase Truancy
 - Riverview Ordinance Subpart A, Chapter 38, Article IX, Division 1, Sec 38-371, and Sec 38-378.)

These documents are available on the school website.

2. Parents within the State of Michigan are required by law to see that their children attend school continuously and consecutively until they reach the age of 18.
3. Students within the Riverview School District are required to attend school continuously and consecutively for the entire year from the age of 12 up to the age of 18. (Wayne County Third Circuit Court, Family Division, Juvenile Division, Truancy.)
4. Teachers/administrators have the right to investigate absences.
5. When a student is absent from school, parents are encouraged to report the absence to the school office on that day. Parents must call the school no later than 7:45 AM on the day following the absence for the absence to be recorded as excused. The parent's daytime telephone number needs to be included in the message. Parents can call **at any time** to report an absence using the 24 hour voicemail, option #1 when calling the main number. Failure to report an absence will result in the absence being recorded as unexcused, and a robo-call will be made to the home that evening. The attendance number for each school is listed below:

- Riverview High School (734) 285-7361
- Seitz Middle School (734) 285-3962

- Forest Elementary School (734) 479-0611
- Huntington Elementary School (734) 283-4822
- Memorial Elementary School (734) 285-5526

Monitoring and assuring your child/children's attendance is the most direct way to show you think their education is important.

6. **A student absent from school may not participate in a practice session or scheduled activity on that calendar day.** However, a student may be excused from all or a portion of the school day and still participate in the school functions on that day for school activity absences as defined below.
7. Parents may do a homework request by calling the office or by leaving a request on the answering machine before 9:00 AM if the student is going to be absent from school for more than one day.

Attendance Infractions:

There are three types of attendance infractions. They are absence, tardiness, and early departure. These incidents cost the student valuable instruction time, and disrupt classroom instruction.

Absences:

Absences can be documented, excused, or unexcused. Each absence type is defined below.

- A. **Documented Absence:** An absence that is accompanied by third party, professional documentation for the following reasons:
 - **Medical** - The student was absent because of illness or to obtain health care. If an illness is chronic or long term, administration should be notified and a note from a health professional should be submitted and filed.
 - **Religious** - Student absence was caused by observance of religious occasions formally recognized by an organized faith to which the student or the student's family belongs, and which requires abstinence from the activities of daily life or attendance at religious services. A note on the letterhead of the religious organization is acceptable.
 - **Family Emergency** - Student absence was caused by family emergencies such as a death or funeral, serious illness, or other crisis requiring absence from school.
 - **Administrative** - Absences that are necessary for personal or confidential reasons, such as court appearances, funerals, child abuse situations or other extenuating circumstances, or the student becomes ill during the school day and it is necessary to go home.
 - **School Activity-** A school activity absence is an absence from school or class initiated by school activities or functions.
 - **Suspension Absence:** A suspension absence is an absence due to a suspension from school for violation of the Student Code of Conduct. When students are suspended, they may not be on school grounds, or attend or participate in any extracurricular activities.
- B. **Excused Absence:** Any absence that is called in by the parent or legal guardian, but is **not** documented as presented in A above. **Some examples of excused absences include, but are not limited to:**
 - Staying home because the child did not feel well, but no medical attention was needed or sought
 - Vehicle Breakdown

- Sporting events and trips (not school related)
 - Staying home to visit, shop, attend movies, and celebrate birthdays with family and/friends
 - Student is kept at home due to parent's, sibling's or other family member's illness
- C. **Unexcused: Any absence that** is not called in by the parent or legal guardian, and is **not** documented as presented in A and B above.

Tardiness:

Students are expected to be in class on time. Students are tardy if they are not in their class when the morning bell starts to ring.

For elementary students, any missed time (tardiness and/or early departure) in excess of two hours, will be considered an absence for the day. For secondary students, a tardy in excess of ten (10) minutes in a class will be considered an absence for the class.

Early Departure:

Students are expected to remain at school for the entire school day. An early departure occurs when the student leaves, or is removed from school prior to the dismissal bell.

Tardiness and early departure will be classified under the same criteria provided for absences.

Parent Notification Concerning Attendance Infractions:

Early notification and intervention provides the greatest opportunity to improve student attendance. In addition to the robo-call for notification of absences, Riverview Community Schools will send three letters to parents and guardians informing them of attendance infractions, and providing the opportunity to discuss the attendance concerns with the building principal or assistant principal.

These letters will be sent to the home after a student has accumulated six, ten and more than ten **undocumented** attendance infractions for the school year. This includes any combination of tardiness, absence, and early departure. An attendance report will accompany each letter. The letters can be found at www.riverviewschools.com under the attendance tab on the left. The letters are labeled appendix A, B, and C.

Riverview Ordinance Subpart A, Chapter 38, Article IX, Division 1, Sec 38-371, and Sec 38-378.):

Parents within the Riverview School District are required by law to see that their children attend school continuously and consecutively until they reach the age of 16.

Truancy:

Students within the Riverview School District are required to attend school continuously and consecutively for the entire year from the age of 12 up to the age of 18. Students who have excessive **undocumented** attendance infractions for the school year will be referred to the Riverview Police Department, and upon the recommendation of the Riverview Police Department, be referred either to the 27th District Court, Wyandotte Michigan, or the Wayne County Third Circuit Court, Family Division, Juvenile Division, for truancy.

Once again, regular school attendance is a critical factor for academic success. It is very important for students to be in school and on time every day. With open communication and sound record keeping, we can together promote educational success for all of our students.
