On Thursday, February 26 at 7:00 p.m. at Wilbraham Middle School, the Hampden-Wilbraham Regional School District will host a public forum focused on how the District can best respond to the educational and financial challenges associated with enrollment decline at the middle school level.

HWRSD understands that this issue requires careful deliberation and planning by all stakeholders. Following a brief presentation by school administrators, parents and community members will have an opportunity to provide input and ask questions about middle school planning. The open forum will help guide the work of the HWRSD School Committee's Middle School Task Force.

Parents and community members interested in learning more about the work of the Middle School Task Force can visit www.hwrzd.org or contact Superintendent of Schools Marty O'Shea at moshea@hwrzd.org.
