**BRACKETT HIGH SCHOOL NAMED TO 2018 –2019 TEXAS HONOR ROLL
BY EDUCATIONAL RESULTS PARTNERSHIP**

***Texas School Recognized for High Achievement in Student Success by a National Campaign of
Business and Education Leaders***

Brackettville, Texas, June 17, 2019 – Brackett ISD today announced that Brackett High School has been named to the 2018 - 2019 Honor Roll for its high achievement in student success. The program, presented by Educational Results Partnership, is part of a national effort to identify higher-performing schools and districts that are improving student outcomes. Brackett High School is one of 855 public schools in Texas to be recognized.

The 2018 - 2019 Honor Roll is developed by Educational Results Partnership (ERP), a nonprofit organization that applies data science to help improve student outcomes and career readiness. ERP maintains the nation’s largest database on student achievement and utilizes this data to identify higher-performing schools and districts.

Schools that receive the Honor Roll distinction have demonstrated consistent high levels of student academic achievement, improvement in achievement levels over time, and a reduction in achievement gaps among student populations. For high schools, the Honor Roll recognition also includes measures of college readiness.

“We are honored to be recognized by educational and business leaders as an Honor Roll School,” said Christy Price, BHS Principal. “We are continually striving to increase academic achievement and improve educational outcomes for all of our students. Our teachers and administrators are fully committed and we are thrilled to see their hard work and dedication produce such positive results.” Dr. Mancha BISD Superintendent stated, “We are very proud of our students, our families, and our community. We thank ERP for recognizing our students’ academic achievement. Our student’s well-being and achievement is our primary focus.”

“The Honor Roll is the only school and district recognition program in Texas based solely on objective achievement data,” said Marilyn Reznick, ERP board chair. “Our goal is to guide other educators to data-informed best practices for raising student achievement.”

“ERP is all about improving educational equity and promoting career readiness for all students, regardless of their family income, background or ZIP code,” said James Lanich, Ph.D., ERP president and CEO. “These Honor Roll schools and districts are living proof that our students can succeed when schools are committed to removing educational obstacles and accelerating student success. By focusing attention on these bright spots among our schools, we hope to change the conversation from ‘what’s wrong’ to ‘what’s working,’ and encourage others to replicate their success.”

*Equipping Students With Knowledge, Desire, and Integrity for
Meaningful and Productive Lives*

In Texas, the Honor Roll program is supported by numerous businesses and organizations, including the Texas Business Leadership Council, American Automobile Association (AAA) Texas, Macy's, Wells Fargo, Chevron Corporation and Enterprise Holdings Foundation.

About Educational Results Partnership

Educational Results Partnership (ERP) is a nonprofit organization that applies data science to help improve student outcomes and career readiness throughout our educational system. In partnership with educators and employers, ERP charts the pathways that lead to academic success and living-wage jobs. ERP's goal is to ensure that more students are equipped to enter the workforce with the skills today's global economy demands.
