Minutes from January Meeting

The October minutes were unanimously approved with a motion from Shannon Mower and a second from Joan Watson.

Financial Report and Anticipated Budget for Next Year

Three grades have spent their money for core supplemental supplies. The other teachers have until the end of March to spend their money.

The book study book this year has been *Learn Like a Pirate*.

The majority of the meeting was spent on the proposed plan. The salary for the aides is based on the classified schedule. The teachers really benefit from iPad minis in the classroom, more supplies, and more hours for the aides. We discussed the budget to make sure these needs were met.

Elizabeth Smith made a motion to approve the budget. Ann Staley second the motion.

Proposed Trust Lands Plan for Next School Year

Angie will submit the plan and the budget.
