

The Louisiana Parent Network gives parents and guardians a say in what's happening in the education of their children.

**EMPOWERED PARENTS** are the strongest and most vocal advocate their children can have.

### Benefits

- Receive training as an advocate for school choice and join a movement of parents who refuse to go back to the days when we had to settle for a failing school for our children.
- By joining together under one umbrella, parents and advocates can successfully fight to ensure that all parents have the power to choose the best education for their children, no matter where they live or how much money they earn.
- Receive resources and up-to-date information on available school choice options – application periods and upcoming legislative votes that could impact the future of educational choice.
- Take advantage of opportunities to engage with elected officials on the issue of school choice.
