BOCES COOPERATIVE PURCHASING AGREEMENT

RESOLVED, that the Board of Education agrees to participate in the St. Lawrence-Lewis BOCES Cooperative Purchasing Programs in accordance with the guidelines set forth in the "Cooperative Purchasing Agreement" for the 2018-19 school year.

14

"PIGGYBACK" PURCHASING AUTHORIZATION

WHEREAS, section 103(16) of the General Municipal Law authorizes any officer, board or agency of a county, political subdivision or any district therein to make purchases of apparatus, materials, equipment or supplies, or to contract for services related to the installation, maintenance or repair of apparatus, materials, equipment, and supplies through a process known as "piggyback" purchasing; and

WHEREAS, "piggyback" purchasing is defined as purchasing through the use of an existing contract made by the United States of America or any agency thereof, any state or any other county or political subdivision or district therein, if such contract was made through competitive bidding consistent with state law and made available for use by other government entities; and

WHEREAS, use of "piggyback" purchasing does not negate applicable minority and women-owned business enterprise program mandates or the preferred source requirements of section 162 of the state finance law; and

WHEREAS, the Massena Central School District wishes to adopt the option to use "piggyback" purchasing to allow the District greater flexibility and cost effectiveness;

BE IT RESOLVED, the Board of Education of the Massena Central School District hereby authorizes the use of "piggyback" purchasing in compliance with section 103(16) of the General Municipal Law.

15

"BEST VALUE" PURCHASING

WHEREAS, New York State General Municipal Law ("GML") requires a resolution adopted by the Massena Central School District ("the District") to authorize the use of a Best Value Award methodology, in the competitive bidding process, for purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the labor law) which may be awarded on the basis of low bid or best value, as authorized in section 103 of the GML and as defined in section 163 of the state finance law.

WHEREAS, The State Legislature and Governor amended GML § 103 (A08692/S6117) on January 27, 2012 to provide local governments greater flexibility in awarding contracts by authorizing the award of purchase contracts, including contracts for service work on the basis of best value. The state legislation requires Political Subdivisions with a population of less than one million to pass a local law or resolution authorizing the use of the best value award process; and

WHEREAS, the enactment of this legislation provides additional procurement options to the District in ways that may expedite the procurement process and result in cost savings. The "best value" standard for selecting goods and services is critical to efforts to use strategic sourcing principles to modernize the supply chain and ensure that taxpayers obtain the highest quality goods and services at the lowest potential cost, while also ensuring fairness to all competitors; and

WHEREAS, the federal government, approximately half the states and many localities have added best value selection processes to their procurement options, in recognition of these advantages. With the increased complexity of the goods and services that municipalities must obtain in order to serve taxpayers, it is critical to consider selection and evaluation criteria that

measure factors other than cost in the strictest sense; and

WHEREAS, taxpayers are not well served when a public procurement results in low unit costs at the outset, but ultimately engenders cost escalations due to factors such as inferior quality, poor reliability, and difficulty of maintenance. Best value procurement links the procurement process directly to the municipality's performance requirements, incorporating selection factors such as useful lifespan, quality and options and incentives for more timely performance and/or additional services; and

WHEREAS, even if the initial expenditure is higher, considering the total value over the life of the procurement may result in a better value and long-term investment of public funds. Best value procurement also encourages competition and, in turn, often results in better pricing, quality and customer service. Fostering healthy competition ensures that bidders will continue to strive for excellence in identifying and meeting municipalities' needs, including such important goals as the participation of small, minority and women-owned businesses, and the development of environmentally-preferable goods and service delivery methods. Best value procurement will provide much-needed flexibility in obtaining important goods and services at favorable prices, and will reduce the time to procure such goods and services; and

WHEREAS, "best value" means the basis for awarding contracts for services to the offerer which optimizes quality, cost and efficiency, among responsive and responsible offerers. Such basis shall reflect, wherever possible, objective and quantifiable analysis. Such basis may also identify a quantitative factor for offerers that are small businesses or certified minority or women-owned business enterprises as defined in subdivisions one, seven, fifteen and twenty of section three hundred ten of the executive law to be used in evaluation of offers for awarding of contracts for services; and

WHEREAS, where the basis for award is the best value offer, the Board shall document, in the procurement record and in advance of the initial receipt of offers, the determination of the evaluation criteria, which whenever possible, shall be quantifiable, and the process to be used in the determination of best value and the manner in which the evaluation process and selection shall be conducted; and

WHEREAS, the Board shall select a formal sealed competitive bidding procurement process in accordance with GML and the District Procurement Policy and document its determination in the procurement record. The process shall include, but is not limited to, a clear statement of need; a description of the required specifications governing performance and related factors; a reasonable process for ensuring a competitive field; a fair and equal opportunity for offerers to submit responsive offers; and a balanced and fair method of award. Where the basis for the award is best value, documentation in the procurement record shall, where practicable, include a quantification of the application of the criteria to the rating of proposals and the evaluation results, or, where not practicable, such other justification which demonstrates that best value will be achieved; and

WHEREAS, the solicitation shall prescribe the minimum specifications or requirements that must be met in order to be considered responsive and shall describe and disclose the general manner in which the evaluation and selection shall be conducted. Where appropriate, the solicitation shall identify the relative importance and/or weight of cost and the overall technical criterion to be considered by the District in its determination of best value; and

WHEREAS, the District shall have the option to adhere to procedures that govern the award of contracts on the basis of best value. These procedures are included in the District Procurement Policy and reviewed annually by the District;

BE IT RESOLVED, the Board hereby authorizes the use of a Best Value Award methodology, in the competitive bidding process, for purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the labor law) which may now be awarded on the basis of low bid or best value, as authorized in section 103 of the GML and as defined in section 163 of the state finance law.

17

REVIEWING OFFICIAL, VERIFICATION OFFICIAL, AND HEARING OFFICIAL – CHILD NUTRITION PROGRAM

RESOLVED, that the Board of Education appoints the **BOCES Food Service Director** as the Reviewing and Verification Official for participation in the federal Child Nutrition Program. The Board also appoints the **Superintendent of Schools** as the Hearing Official for the Child Nutrition Program.

18
