CTE Vision

McAllen CTE Students are equipped with 21st century technical Skills that prepare them for a highly competitive global economy. Students are inspired to be lifelong learners that contribute to workforce and Community.

CTE Mission

The McAllen ISD Career Technical Education Program, is focused on improving academic and technical opportunities for students in high-wage, high-demand careers that include rigorous and relevant career preparation. CTE affords all students regardless of their career interest and opportunity to earn industry license certifications, opportunity for collaboration with business community members, and a college and career environment in all programs of study.
