 - Report to work:
 - Take accumulated annual (vacation) leave; (half/whole day increments)
 - Take accumulated personal leave, if available (teachers only); (half/whole day increments)
 - Use compensatory leave already accumulated; (hour increments only)
 - Make up the time missed as directed/approved by central administration*; or
 - Take leave without pay

If any employee elects to make up time, it should be made up within the same workweek when possible. The workweek begins at 12:01 a.m. on Sunday and ends at 11:59 p.m. on Saturday. If the time missed due to inclement weather is not made up during the same workweek, **classified staff can make arrangements with their immediate supervisor to extent their day or may use comp time or annual leave. For 10-month employees, time must be made up within the regular 10-month employment.*

If a certified employee chooses not to work from home on an inclement weather day, (s)he must take annual leave. Any employees that logs hours from home must provide documentation of time worked to their school administrator.

Note: Due to federal Fair Labor Standards Act, the option to work from home is not available to classified employees.

**If a make-up date is planned, it will be communicated to staff through School Messenger and emailed the morning of the school cancellation. The option to work from home is only is only for certified staff when inclement weather cancels school for both students and staff without a make-up date. It is NOT available at other times including inclement weather days that are declared optional workdays for staff.*

- ❖ 12-month Employees should work with their supervisor to determine if work attendance is needed on days that school is cancelled for students and staff. Due to potential safety hazards, all other employees should not report to work.

When the school district is closed to staff and students due to inclement weather, the board will consider option for addressing the missed days, giving the greatest weight to how to best maintain the opportunity and environment for students learning.
