Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Syring Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Michelle Wildey, Principal for assistance.

The AER is available for you to review electronically by visiting the following web site **<http://bit.ly/2mKMG4q>**, or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Syring Elementary continues to make strides toward our school improvement goals. We are continuously working to improve, particularly the performance of our most struggling students. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information:

1. Student building assignment is based on residency or by participating in the School of Choice process for this year and the previous years.
2. Our SIP (School Improvement Plan) has annual reviews each year and revisions by each school and also by the district, which are implemented as soon as possible.
3. Swartz Creek Community Schools does not have any specialized schools.
4. The Swartz Creek School District follows the Michigan Merit Curriculum using High School and Grade Level Content Expectations to guide classroom instruction. Michigan recently adopted the National Common Core State
