

## Supplies for 8th grade 2019-20

Welcome, Loomis Grammar Class of 2020!

We are looking forward to an exciting year of learning and growth as you get ready to move on to high school! To make sure you're prepared for all that's in store, you'll need to bring the items below to class every day. You'll be provided with a planner to help keep track of homework and other due dates throughout the year. If you have trouble obtaining anything on the list, let your homeroom teacher know as soon as school starts in August.

We look forward to seeing you soon!
