The myschoolbucks.com service for depositing money on food accounts is free during the months of August / September 2019 and January 2020 and a modest fee for the remainder of the school year. If you prefer to write a check for your student's meals, please make it out to "Indiana Area School District or IASD" in standard blue or black ink. Checks in gel or colored ink will not be accepted by the bank and the check will be returned to the parent or guardian. The website warns parents that because of the different banks and how their transactions are made it may take 1 – 2 days for the deposit to show in their child's account.

A new Free & Reduced application must be on file with the school district by October 03, 2019 or the previous year's status will revert to paid and all charges will be the parent / guardian's responsibility. If you have received a **NOTICE OF DIRECT CERTIFICATION** for free meals, do not complete a new application. But **do** let the school know if any children in your household are not listed on the notice letter that you have received.
