NEWS and TIPS for Exercising

Plan Ahead

If you're traveling, planning ahead can make all the difference. Take some time to figure out what your options are so you're ready for anything. Just a few ideas:

- Search for walking, running or park trails nearby
- Look up information about the hotel you're staying at and find out if they have an exercise room
- If you're staying with family, ask if they have any fitness equipment
- If that's not an option, find any nearby gyms and ask if they let guests use their facility
- Talk to your family in advance and suggest taking a walk or doing something active together
- Plan simple workouts that don't require much space or equipment. If you're traveling or have visitors, you may be able to sneak in a workout in the basement without bothering anyone.
- If you have time to get in a workout, plan for the worst-case scenario. That may be staying in grandma's basement with no equipment and only 10 or 15 minutes to yourself.
- Bring resistance bands. They travel well and you can use them for quick strength exercises whenever you catch a few minutes.
- If you have a laptop, bring along a workout DVD or try streaming workouts online.
- If guests are staying with you, move your equipment (weights or bands) into your bedroom so you can sneak in some exercise at night or in the morning.
- Wear your running or walking shoes as much as you can. You may find a 20-minute window when people are napping or before dinner for a quick walk or run.
- Walk as much as possible. Take extra laps at the mall, use the stairs or volunteer to walk the dog.
- If you're hanging out with kids, set up a game of football, tag or hide and seek.
- Offer to help with the housework, shoveling snow or raking leaves.
- Something is always better than nothing.
