The mission of Moreno Valley Unified School District is to ensure all students graduate high school prepared to successfully enter into higher education and/or pursue a viable career path.

Dear Parents and Guardians,

As part of our ongoing commitment to providing the highest-quality education for all students, we need your help. A portion of our state funding is determined from the demographics of our student population. Please take a minute to fill out an important LCFF Funding Form at <https://LCFFSurvey.mvusd.net>

It is important that we have 100 percent of families fill out this form.

The form is brief and takes a matter of seconds to complete.

Your participation ensures that each student receives the maximum amount of state funds that we are eligible to receive. These funds help us provide extra resources for students and the ability to hire qualified staff to support all students. The information you provide also helps us keep our breakfast and lunch programs free to all elementary and middle school students.

This funding makes many programs possible, including:

- Dual Language Immersion programs
- Foster student support
- Tutoring
- Behavior support
- Full day kindergarten
- Visual and Performing Arts programs
- Additional counseling staff
- Athletics programs

This form is only required once every four years for continuously enrolled students.

We also want to assure you that our Information Technology includes highly secured data protection for all information supplied through this form.

Again, please fill out this brief form by **September 21, 2018 at: <https://LCFFSurvey.mvusd.net>**

Again, by filling out this form you can ensure that our district remains fully funded to offer each student a variety of educational options and allow us to better serve our students.

Thank you for your assistance. Together with our parents, we are Shining Brighter with Excellence on Purpose for all students in Moreno Valley Unified School District!

Thank you,
