RE: Penn Yan Schools to begin Construction Work - Traffic patterns to be impacted

DATE: June 21, 2018

FOR IMMEDIATE RELEASE

The Penn Yan Central School District is beginning the work approved by the voters. This will impact traffic patterns in and around the District Office, Transportation Office, and PYE.

The road connecting Liberty Street to the District Office area will be temporarily closed from June 25th through the end of August and traffic should enter from Maple Street/Route 364. Traffic entering the campus from Maple Street/Route 364 will be limited to select personnel and visitors who need to take care of business at the Elementary School and District Office.

The PYE Summer Programs will also be impacted. Only busses will be allowed to enter off Maple Street/Route 364. PYE parent drop off will be at the far end of the parking lot across from the Middle School near PYA. Staff will be available at drop-off and pick-up times to assist students. If you have any questions, please call the District Office at 315-536-3371.
