

## Whirlpool Art Show News

WHS Art Students finished out the year with an amazing performance last night at the Whirlpool Technology Meets the Arts: High School Show. This yearly exhibition provides students from the area the opportunity to have their art on display at Whirlpool design center in Benton Harbor. 29 pieces of art were submitted for the competition and Watervliet nearly swept the event.

Alyssa Schlender and Mercedes Tingue won honorable mentions. Moriah Rao won 2<sup>nd</sup> place for her watercolor animals. And Sabrina Klimkiewicz won top honors with a 1st place for her mixed media self portrait. Great job art students!
