January 7th 2019

Dear Gateway Lab School Parents/Guardians:

On behalf of the Gateway Lab School I would like to take the opportunity to wish you all a safe, happy and healthy New Year. As I am sure you are all aware, we have experienced several bussing issues this school year that have been both disappointing and frustrating to say the least. Gateway Lab School deals with these issues on a daily basis and believe me, we are making every attempt to remedy the situation. With that in mind, I would like to update you on a few minor changes that will be occurring in the very near future.

Effective Monday, January 14th 2017, Bus #7 will have the morning (AM), route schedule reversed. Enclosed with this letter you will find an updated and detailed listing of the regular stops on the route that include the location and time of the respective hub stops. Please keep in mind that students are required to be at their regularly assigned bus stops at least ten minutes prior and ten minutes after the scheduled pick-up.

Also, one stop previously on Bus #7, the Harmony Road and Brownleaf Road stop has now been changed to Bus #4. This stop has been eliminated from Bus #7 and should ensure, along with the other changes that Bus #7 runs on schedule and on time both to and from school. Also enclosed with this correspondence is an updated and detailed listing of the regular stops on the Bus #4 route to include the new stop at Harmony Road and Brownleaf Road.

Advanced Student Transportation has informed me that these minor changes should ensure that all buses arrive to and from school as scheduled and should eliminate Bus #7 from being late on a routine basis. I personally want to thank everyone for their patience and cooperation with the bussing situation as I certainly understand and appreciate the frustration you feel. I truly hope these changes make things better for the remainder of the school year. If you have any questions or concerns, please feel free to contact me at your convenience. Thank you again for your understanding.

Sincerely,

David Wainwright
Assistant Dean of Students
