Requirements for the above project have been satisfied pursuant to Education Code 17620. This certification covers only the amount of square footage identified and verified above.

\*New construction, remodel/addition includes habitable area only. Habitable area is defined as the floor area of conditioned space on all floors including basements, intermediate floor tiers of mezzanines, and penthouses, measured from the exterior faces of exterior walls and the exterior face of walls separating conditioned and unconditioned spaces. This conditioned floor area does not include covered walkways open roofed-over areas, porches, exterior terraces or steps, chimneys, roof overhangs, parking garages or unheated basements. This definition remains in effect unless changed by law. If the square footage is a 20 feet more or less than the number listed above when the building permit is declared valid by the Building Department or the School District, the fee must be adjusted.
