### School Description

Dorothea Lange Elementary School is a school dedicated to the academic excellence of each student, but also a place where we want students to look forward to getting up and coming to school every day. The Lange community is simply amazing. Dorothea Lange staff consists of 28 dedicated certificated teachers along with 23 professional support staff (including school psychologist, counselor, office staff, custodial staff, librarian, computer lab technician, instructional assistants, and all persons who are not classroom teachers). These staff members strive to create a positive environment and provide students with rigorous instruction. Lange is dedicated to supporting the whole student in academics and social/emotional through strong tier 1 instruction and campus wide PBIS program. We have high expectations for academic progress and behaviors. The Lange community is also incredibly supportive. We boast a very active Parent Teacher Organization that dedicates time and resources that humble us all. We also get a great deal of community support from a variety of organizations including Nipomo Rotary, local dentists, optometrists, and physicians, and other local businesses.

Dorothea Lange Elementary School serves students in grades transitional kindergarten through sixth grade. It is one of three elementary schools located in Nipomo, California in the Lucia Mar Unified School District. According to the 2010 census, Nipomo's population is 16,714 with 54.1% white, 39.6% Hispanic, 2.7% Asian, African American: 1.5% and 2.0% other. The poverty rate for Nipomo is 10.2%. Lucia Mar Unified School District encompasses 550 square miles of southern San Luis Obispo County and serves approximately 10,490 students. The district is composed of eleven elementary schools, three middle schools, two comprehensive high schools, one alternative tech high school, and one continuation high school.

Dorothea Lange's current enrollment of 593 students represents a diverse population with 40% white, 55% Hispanic or Latino, 3% multiple ethnicities, <1% Asian, <1% African American, and <1% other or no response. We provide Resource Specialist and Speech Therapy programs that serve 64 students, approximately 11% of our school population. We have 117 English Learners, who are served in the regular education classrooms or during designated ELD instruction outside the classroom. Dorothea Lange has 336 students or 57% of our students being served by the Free and Reduced Lunch Program and 59 students or 10% of our population are homeless. We currently have identified 24 (4%) Gifted and Talented (GATE) students at Lange.

We strive to provide a positive, stimulating, and safe environment where everyone is valued and respected. We have high academic and behavior expectations while recognizing that staff, students, parents, and the community share the responsibility for a child's success.

Lange Elementary Mission Statement: We serve our community by providing a high-quality education, inspiring lifelong learners, and instilling a strong value for self and others. District Vision: ENGAGE. CHALLENGE. INSPIRE.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)**

Lucia Mar Unified School District held a public hearing Sept. 18, 2018, and determined each school within the District has sufficient and good-quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams v. the State of California. All students, including English Learners, are given their own individual Standard aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education. Lucia Mar Unified School District follows the State’s seven-year adoption cycle. Auxiliary materials, such as math manipulatives, trade books, and science kits, are also purchased to support the textbook adoption.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Dorothea Lange Elementary School provides a safe environment for learning. Built in 2005 Dorothea Lange Elementary is situated on fourteen acres. The school buildings span 44,977 square feet consisting of twenty-four classrooms, multipurpose room, library, computer lab, and administrative offices.

An addition of permanent shade structures over the outdoor dining/quad area was completed in November of 2017.

Lange Elementary School is a closed campus. Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcomed and required to check-in at the school office upon arrival and obtain a visitor's badge; visitors are required to return to the school office upon departure. During lunch, recesses, and before and after school, adults supervise students and school grounds, such as the cafeteria and recreation area, to ensure a safe and orderly environment.

Safety concerns are the No. 1 priority of maintenance and operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District maintenance staff has indicated that 100 percent of all toilets on school grounds are in working order. A team of custodians ensures classrooms, campus grounds, and restrooms are kept clean and safe. A scheduled maintenance program is administered by Lucia Mar Unified School District to ensure that all classrooms and facilities are well maintained and provide a suitable learning environment. A summary of these standards is available at the school office or at the District office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	42	46	54	56	50	50
Math	35	36	39	42	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

### 2018-19 Percent of Students Meeting Fitness Standards

Grade Level	4 of 6	5 of 6	6 of 6

The achievement level percentages are calculated using only students who received scores.

**Professional Development provided for Teachers**

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	38 hrs	38 hrs	38 hrs

Lucia Mar invests time and resources to ongoing, district-wide staff development in key initiative areas aligned to district goals to increase student achievement and support school improvement. Each school year our professional development focused on California Common Core State Standards, 21st Century Skills, English Learners, and best practices in using technology for instruction/ assessment.

Professional development opportunities are provided in a variety of ways — one district-wide staff development day, weekly late-start Mondays, staff meetings, release time, Saturday trainings, conference attendance, and summer institutes. Over the last three years, teachers have received at least 24 days of professional development in each school.

In the 14-15 school year LMUSD created a research driven professional development model. Each school site has a Late Start Monday, an Instructional Leadership Team comprised of teachers and administrators, and Teacher Support TOSAs. The combination of these three has resulted in high quality, weekly professional development.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2019-20)

We encourage parents to partner with the Lange staff as we educate and celebrate your children. There is much research that indicates the higher degree to which parents are involved and interested in school, the more their students will achieve.

We welcome volunteers at Dorothea Lange. Parents and community members who wish to volunteer are provided with a short training. All volunteers must have fingerprints on file with Lucia Mar. We also have an active Parent-Teacher Organization (PTO) which raises money for field trips, assemblies, school equipment, and more. For more information on how to become involved, contact PTO President Brandon Rubenstein at (805) 474-3670 extension 8600 or [dlangepto@gmail.com](mailto:dlangepto@gmail.com).

Parents are welcome to become involved in decision-making committees such as the School Site Council (SSC) and English Learner Advisory Committee (ELAC).

There are also family events planned each month and families are encouraged to participate. These include our Family Carnival, Talent Show, STEM Night, Tech Night, Drama Club, Grandparents' Day, Back-to-School Night, and Open House. These events and others are designed to involve parents in students' learning, build community, and celebrate student successes. Be sure to review the calendar of events on the school website or check out Lange Elementary School on social media (Facebook).

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

The Comprehensive Safe School Plan was developed by the District to comply with Senate Bill 187 (SB 187) of 1997. The Plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their Safe School Plans: current status of school crime; child abuse reporting procedures; disaster procedures, both routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a schoolwide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the Safe School Plan, are reviewed with school and District staff in the fall, at the start of each school year. The Injury, Illness & Prevention Plan was last updated and reviewed with school staff in August 2019.

Suspensions and Expulsions for the School	2016-17	2017-18	2018-19

#### **Career Technical Education Programs**

The Board of Education realized that students have varying academic interests and aptitudes, and that they need to be better prepared for options other than a four-year university directly from high school, particularly in light of the rapidly changing workforce technology and employment environments in many industry sectors. Therefore, the Board of Education sought to support Programs of Study to ensure that all students graduating from the Lucia Mar Unified School District have the preparation necessary for success in any post-secondary pursuit, whether it is university studies, technical training, workforce placement, military enlistment, or service as a community volunteer.

As vocational education evolved in the 21st century, it became known as Career Technical Education (CTE). Business owners, trade union leaders and educators came together to change how occupational and technical subject matter were delivered in high school, college and technical training environments. This resulted in the need to develop robust and rigorous curriculum provided in a cyclical continuum that engages participants in the most common tasks and skills required in a broad umbrella of employment opportunities within a specific industry sector. High School Career Pathways provide the first two to three years of instruction and skill development in this scenario.

Pathway programs in LMUSD are designed so that students are able to gain at least one industry certification, or equivalent skill measurement, to provide a competitive advantage in the job market. Additionally, curriculum will coincide with community college career certificate and associate degree programs in same/similar industry areas and in some cases allow students to earn college credit for their coursework while still in high school. This will shorten the time it takes students to earn post-secondary degrees/certificates and enter the skilled workforce. The California Department of Education gives guidance for the design of model CTE programs in their plan for Career Technical Education, which was adopted by the State Board of Education in 2008.

The same quality program indicators were taken into consideration during the development of career pathway programs of study for LMUSD. Specifically, the focus of pathway preparation has been on assessing current programs and facilities, establishing relationships with industry members and assembling advisory committees for new programs, reviewing and developing curriculum, reviewing instructor training needs, determining outreach/communication needs, and researching funding options for new and existing pathway programs.

The Director of CTE provides direct support to instructors, pathway programs, and site administration in the areas of curriculum, facility and equipment, postsecondary alignment, industry partnerships, and overall pathway focus. CTE teachers participate in professional development to stay up to date with changes in industry by attending workshops, conferences, and other training opportunities. Additionally, CTE instructors focus on pathway development and philosophy, which include California State CTE Frameworks and model standards, as well as funding legislation that affects the structural make up of CTE programs. This baseline of CTE supports has continued to improve annually in the support of current programs that are functioning well, retooling programs that have minor areas of weakness, building out viable pathways from programs that currently function as a single course, and establish new programs where programs do not exist but there is a regional workforce need.

Several CTE programs participate in Career Technical Student Organization (CTSO) activities and competitions through the Future Farmers of America (FFA), SkillsUSA, and HOSA. The Culinary Arts, Agriculture, Design, Visual, Media Arts, and Animation programs have all had regional contest student winners, who competed in the various categories at the state level. Industry recognized certifications include CPR, First Aid, Food Handlers, Serv Safe, Adobe, and CAD. Students also have the opportunity to earn college credit toward a degree within their field of study and some pathways offering multiple college courses. Additionally, students are able to build resumes and portfolios with unique projects that demonstrate their level of expertise with industry desired skills. Through continually expanding internship programs available in various pathways, students are able to gain real world experience within their field of study that often times leads to employment.

Addressing the CTE needs of all students

All ninth-grade students have the opportunity to take a “Tech Seminar” class and meet with career counselors where they identify personal interests, explore career options, develop academic plans, and learn about post-secondary educational and training opportunities. Students may develop advanced skills and receive industry-standard training by participating in the various vocational/technical courses at all sites. These courses prepare students for future college coursework and entry-level job opportunities.

#### Evaluating CTE Programs

Each CTE Pathway maintains an active business advisory committee that evaluates the program. In addition, school and district administrators monitor the program and instructors effectiveness on an annual basis. All CTE Pathways require a two- or three-course articulated curriculum that will meet job market expectations providing students with a minimum of 300 hours of industry specific curriculum aligned to both post-secondary education options and high demand, high wage careers.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
