

## Summer Reading 2018 - Grades 7-12

Please note that if you have scheduling conflicts and are unable to be in the class for which you registered and read book(s), we, the English teachers, will make accommodations for you on summer reading. As you read each book, Mrs. Shaw suggests that you take notes (on character, theme, conflict, plot, etc.) for her class so that you will have them to review your books when school begins Fall Semester. Please pace your reading throughout the summer. Evaluation, which may involve testing, class discussion, and essays, is left to the discretion of the teacher. **AP teachers will assign due dates for summer work.**
