ADDENDUM TO RFQ # 1219-18/19

Date: 6/7/2019

Project: Solar Photovoltaic (PV) Systems Power Purchase Agreement

From: Vivien Watts, Director of Business Services

Addendum Number: 3

THIS ADDENDUM IS ISSUED AS PART OF THE CONTRACT DOCUMENTS FOR THIS PROJECT AND AMENDS ONLY THOSE ITEMS SPECIFICALLY DEFINED HEREIN. THIS ADDENDUM MUST BE ACKNOWLEDGED ON THE BID/PROPOSAL FORM. YOUR FAILURE TO DO SO MAY RENDER YOUR BID/PROPOSAL NON-RESPONSIVE.

Final Question:

Thank you for uploading responses in Addendum #2 last night. There was one question that was asked several times in the addendum that wasn't fully addressed. It was asked that the District provide interconnect applications if they were filed. In the addendum, it was confirmed that they were filed, however the District did not provide the Interconnect Applications as requested. These are important because bidders need to know the maximum CEC AC solar system size that we can propose so that we do not impact the Time of Use grandfathering. Can this information be made available to bidders?

Response:

Respondents should target saving up to, but no exceeding, 100% of the annual energy usages provided in the RFP.
