School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters in November 1988. The Report Card, issued annually by school boards for each public school in the state, provides for parents and other interested people a variety of information about the school, its resources, its successes, and areas in which improvement is needed. As you read San Antonio's report card, I hope you will be pleased with its successes and bright future. Our staff is outstanding in leadership, instructional abilities, and concern for students. Each employee at our school has the best interests of your children at heart. I hope you will find this report informative and beneficial. If you would like additional information on any of these areas, please feel free to call my office at 397-4981. I welcome your comments on this report! Principal, Selene Amancio

In addition to ethnic diversity, the student body at San Antonio has students whose English proficiency is limited. These students speak 3 different languages, with Spanish representing the largest language group. San Antonio Elementary School serves a diverse and growing population. It is our position that the school program reflects the goals and objectives of parents, staff, and community. Our responsibility is to provide an education that challenges our students academically, personally and socially. San Antonio provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff. Through a cycle of inquiry students' progress and achievement is closely monitored. Data is used by grade level teams during collaborative lesson design. It is our belief that by enhancing the educational growth of students they will develop a commitment to personal excellence.

San Antonio provides a safe and clean environment for learning. The staff, both teachers and classified, strive to keep the campus and classrooms clean and in order.

School Vision

Our Vision for San Antonio Elementary School is one where children are educated through a collaborative effort among parents, staff, students and the community. Our environment encourages children to take risks and become creative producers without the fear of failure. Through cooperation and a unity spirit, challenges become opportunities where achievements are recognized and celebrated. The potential of all children to become self-directed life long learners permeates the expectations of the San Antonio family.

School Mission

San Antonio Elementary School is committed to maintaining an atmosphere in which students develop the desire to learn by working in partnership with parents, staff, and community. Our school provides a strong comprehensive education for all of our students in order to prepare for and value citizenship, employment, and further education. Through educational excellence we cultivate participation, enthusiasm, and success, all of which prepare our students to function in a rapidly changing world. We strive to:

- Provide a comprehensive, standards-based curriculum that will prepare students for success in future employment, education, citizenship.
- Maintain a campus atmosphere and organize school activities that promote responsible, honest behavior directed towards developing citizens who perceive themselves as important participants in a democratic society. All members of the school community value peace as an important goal.
- Treat students in a manner that promotes self-esteem, confidence, responsibility, and respect.
- Graduate productive citizens who are skilled communicators, problem solvers, critical thinkers, and collaborative workers.

Programs provided to our students include Title I, Program for English Learners, Resource Specialist Program, Response to Intervention (RTI), and GATE. Sixty-Nine percent of our students are English Learners. Our goal is that each of our students graduates from high school with options equipped to enter college or be career ready.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Responsibility and results are among the Core Values of the District. These values are exemplified in our continued commitment to provide facilities that are clean and maintained to the highest standards. The District’s maintenance staff strives to complete work orders in a timely manner thereby ensuring the health, life, and safety of our students, staff, and community. Our electronic work order process ensures that the necessary emergency work orders are given the highest priority and are completed swiftly.

The District has adopted high cleaning standards that are maintained by our custodial staff on a daily basis. Ongoing assessment of site cleanliness is performed by the district’s custodial management team. This process includes the evaluation and consideration of new cleaning products, procedures, and equipment. This also includes the continuous training for custodial staff. Additionally, regular pest control operations are performed in strict accordance with all applicable regulations mandated for California schools.

On-going maintenance of our school facilities includes: roofing, flooring, painting, HVAC, electrical systems, and exterior painting. The District is committed to assuring that all facilities provide the necessary environment for high quality education to take place.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	22.0	31.0	38.0	40.0	48.0	50.0
Mathematics (grades 3-8 and 11)	18.0	21.0	25.0	26.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Students with Disabilities	22	20	90.91	5.00
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	14.7	17.3	9.3

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Many individuals and groups provide support for the educational program at San Antonio School. Parents attend classes on campus, and monthly topics on helping their children at home. The PTA sponsors parent education (School Smarts Academy), fund raising, educational and cultural assemblies, and it promotes school spirit in the community. This school year San Antonio, supported by the PTA, provided educational field trips to all students. Local businesses and individuals enrich our school program through direct donations of goods and services. Students also benefit from a significant number of parent volunteers who share their special talents by working in the classroom and assisting in special activities.

Parents are an integral part of San Antonio Elementary School. Our classroom teachers provide on-going parent trainings to educate our parents on school and district initiatives. The School Site Council, which is comprised of parents and staff members, develops the staff development programs through the school planning process. The school's goals and objectives are outlined in the School Plan for Student Achievement and are updated annually. Two parent representatives are members of the District Advisory Council and DAC Committees. Parent education is offered and volunteerism. ELAC and DAC committees ensure the involvement of parents in helping their children to succeed under the guidelines of "No Child Left Behind."

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

School Safety Plan (School Year 2018-19)

Safety: Safety of the students and staff is a primary concern of the Pomona Unified School District. All schools in the district are in compliance with all laws, rules and regulations pertaining to hazardous materials. Staff attended a training on October 13, 2016 and a disaster preparedness plan is in place for earthquakes and emergency evacuations. All buildings within the district are in compliance with state earthquake standards. A discipline policy may be found at each school that seeks to insure a safe and orderly environment for students and staff. In addition, San Antonio is a PBIS school and encourages positive behavior in all of our students. A Safe School Plan has been adopted, and it includes policies on disaster preparedness, student discipline, the components of a safe and orderly school environment, suspension/expulsion procedures, safety, child abuse reporting procedures, student dress codes, and student and staff sexual harassment. Our after school program, the Learning Center (TLC), is provided for up to 80 students in grades 1-5.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Elementary)

Professional Development (Most Recent Three Years)

Pomona Unified School District is committed to providing high quality professional learning for administrators, teachers, classified staff and parents that is aligned to the District’s Strategic Plan, Our Promise of Excellence and is focused on academic achievement.

District teachers and support staff participate in six Professional Development Days that are driven by student achievement data, staff learning needs, and research-based best practices. Six District-wide days of professional learning and collaboration for 2018-2019 are concentrated around our focus areas (A.I.R.2) – Academic: Academic Vocabulary, Informational Text: Reading and Writing, and Rigor, Social-Emotional: Attendance, Intervention, and Relationships including an emphasis on English Learners, Foster Youth, and Low-income Pupils -- as well as articulation with grade level and department colleagues to enhance instruction and assessment. These focus areas are in direct alignment with federal, state, and district student achievement academic goals. In addition to the district-wide professional development days, sites use their weekly late start Friday sessions, 2 additional hours per month, and 4 additional hours per year (once per semester), to analyze student achievement data in a collegial forum. They then design effective instructional interventions to promote students’ academic growth. Each site’s professional development plan is designed collaboratively to address identified student achievement and staff needs aligned to the District’s focus areas as indicated in each site’s School Plan for Student Achievement (SPSA).

District and site professional development also includes trainings around 21st Century Teaching and Learning which include the California State Standards and the P21 Framework. Training outcomes are to build the capacity of site and teacher leaders to lead the transition and implementation of the California State Standards. Sessions include themes such as the need for a paradigm shift in teaching and learning, the essential components of the P21 Framework, California State Standards, English Learner standards and framework, equity and culturally responsive instruction, social and emotional learning, and integrating the use of technology to enhance/support instruction and learning. Performance Matters, our professional learning management system is supporting us in paving the way for various formats and structures that allow for increased voice, choice, and time around options for professional learning experiences. Ranging from traditional face-to-face sessions, to the creation of hybrid sessions (face-to-face and online digital modules), to pure online digital modules. We are continuing our implementation of KYTE Learning, an online digital platform that will support just in time technology professional learning and acquisition of technology-based badges. In addition our District is also continuing the partnership with the Center for Quality Teaching (CTQ) to pilot professional learning through the venue of online, just –in-time, micro-credentials.

Through monthly content and grade level specific cohorts, along with other year-long activities, District Teacher Specialist and Teachers on Assignment model, co-teach, coach, conduct peer observations, facilitate trainings, and conduct sessions focused on lesson design and delivery of District focus areas, and other site and District instructional initiatives. Teacher Specialists and site-based teacher mentors, and teaching teacher specialists serve as the District’s teacher support program mentors for Pomona’s Teacher Induction Program for participating teachers in the process of clearing their credential. These programs support the training, development, and retention of high quality teachers using current research on effective teaching and grounds what they are learning in daily practices. PUSD administrators also engage in monthly professional learning with embedded Professional Learning Community opportunities to grow and learn collaboratively with peers. Administrators in need of clearing their credential have the opportunity to do so by participating in PUSD’s Administrative Clear (Tier II) Credential Program (PACCP). Participating principals work with a coach and engage in reflective thinking, coaching, and attend monthly training sessions.

Various departments within Educational Services also provide and receive workshops on relevant topics in response to District and site-identified needs. These include responsive instruction, budget, technology, personnel, and pupil resources issues, as well as problem-solving and facilitative skills. The Curriculum Instruction and Accountability team include administrators, managers, and other administrative staff and serves as a forum to connect stakeholders to the District’s focus areas (A.I.R.2)-Academic Vocabulary, Informational Text: Reading and Writing, and Rigor, Attendance, Intervention, and Relationships with an emphasis on English Learners, Foster Youth, and Low-income Pupils and 21st Century Teaching and Learning.

Pomona Unified School District continues its commitment to providing quality professional learning opportunities in technology. With the establishment of District technology standards and the use of Haiku (online learning management system), PUSD has provided a critical base for technology training classes. These session topics include Internet use, IO Assessment, Web 2.0 tools and creating and using multimedia as a vehicle to enhance teaching and learning. To meet these goals, Educational Technology (Ed Tech) Teacher Specialists serve as technology/instructional trainers who work in classrooms to provide coaching and support for teachers who use technology-based intervention programs. Teacher Technology Leads (TTLs) serve as a site level technology support and accelerate the implementation of the Technology Master Plan.

Teachers participate in developing curriculum documents in our curriculum management system, EdCaliber/Lessoneer, based on needs identified by the District’s Curriculum Committees. These committees, composed of teacher and administrative representatives, meet in grade level groups, (PreK-8 and 6-Adult) to examine new State publications and reform efforts, discuss curriculum issues and identify needs for new or revised District curriculum documents. Examples of projects include the creation of grade specific standards-based electronic report cards, standards-based curriculum guides, course descriptions aligned to the California State Standards.

Our overall professional development vision is to design and implement a highly coherent, innovative, district-wide professional learning system that is responsive to the differentiated needs of adult learners using a professional development model that honors the adult learners’ voice, choice, time, and professionalism, builds individual and collective efficacy, promotes deep organizational learning and sustainable optimal results that ultimately leads to high student achievement and college and career readiness for all students. The goal of the Educational Services’ Division is to provide professional learning that supports schools in the implementation of effective instructional programs and strategies to ensure “Excellence for every student, in every classroom, every day!”
