**YOU'RE GETTING WARM.**

One of the best ways to avoid getting hurt – playing a sport, in gym class, and even on the playground – is to stretch out a little first and start off slowly before you go all out.

**EAT BETTER. PLAY HARDER. LIVE HEALTHIER. LEARN EASIER. WELLNESS IS A WAY OF LIFE!**

**NUTRITION TO GO**

Experts recommend that we eat at least 20-30 grams of fiber a day -- but most Americans consume less than half that much. Good sources are grains, fruits, vegetables, and beans. Check the labels on foods, like your favorite breakfast cereal -- some cereals provide ten or more grams of fiber per bowl, but shoot for at least three.

**A QUICK BITE FOR PARENTS**

**Only an Illusion**

This image might look like a spiral, but it's not -- it's a series of circles. The background makes it APPEAR to be a spiral. Try tracing one of the lines if you're not convinced. You won't move inward or outward -- you'll just go around in a circle.
