Questions to Ask Yourself when Considering a Career

1. How much education will I need?
2. Does the career fit with my skills, interests, aptitudes, personality, and values
3. Is the occupation growing, adding jobs each year?
4. Is there a shortage or surplus of jobs each year?
5. Are there jobs available where I want to live?
6. How much money/compensation will I make and does it fit my needs/goals?
7. What are the benefits and hazards of the occupation?
8. Does the career fit my lifestyle?
