

Student Clubs & Organizations

- At DB, we have a multitude of clubs that you can get involved in! They span over many different interests, hobbies, topics, and academic fields. There is a club for everyone! If you'd like to look through the clubs, here is the link to the current club list:

https://dbhs.k12k.com/apps/pages/index.jsp?uREC_ID=457122&type=d&pREC_ID=992026

- Don't see a club you'd like to have? Create it! If you see a need for a particular club, you can ask a teacher to be a sponsor, get permission to start it, advertise it, and create one yourself!
- Try out lots of clubs your freshman year! Going to 1 club meeting is *not* committing to be a member for the next 4 years! You might just find a new hobby & great friends!
- Most clubs begin meeting after the first few weeks on school. You can check and see when they are meeting on the announcements (on the Daily TV Announcements at DB or online at

https://dbhs.k12k.com/apps/pages/index.jsp?uREC_ID=359018&type=d&pREC_ID=911624)

- As you get involved in clubs, you can gain leadership experience! Most clubs have officer positions that you can run for -- some even starting as a sophomore. Don't be afraid to take on leadership roles -- your sponsor and other leaders are there to help support you! Clubs are a team effort!
- Lastly, don't feel like you have to do everything! Find the group(s) you are passionate about and invest in them. You will have *much* more fun if you're involved in a few things that you truly care about than if you're involved in many things that you don't have much passion for.

School Spirit

- High school is a *ton* of fun -- and even more fun if you're involved!
- We have awesome pep-rallies and a *super* spirited Student Section! Homecoming week is a blast -- each day of the week, you can dress up according to that day's theme! In the past couple of years, themes have included Pajama Day, America Day, Meme Day, Character Day, Formal Day, Decades Day, and lots more!
- We have pep-rallies during Homecoming and when we play our rivals. The Student Council plans and leads pep-rallies, so it is a great organization to join if you are interested in pep-rally leadership!
- The Student Section is a rad place to be! At football games, the Student Section is located right by the field and each game has a theme. We dress up, yell chants, and have a fantastic time! At basketball games, the Model City Maniacs set up next to the court and have a super awesome pre-game program! Most of our sporting events have student sections -- so make sure to check it out!
- If you're going to attend a lot of sporting events, you should buy an Activities Pass. These passes cost \$50 and get you into all sporting events throughout the year! They are a great deal and can be bought in the Activities Office in the fall.
